

KS3 Geography
Caves

NAME

Suggested Time: 1 hour

Please complete all questions in this paper to the best of your ability.

You should spend no more than 1 hour completing this paper.

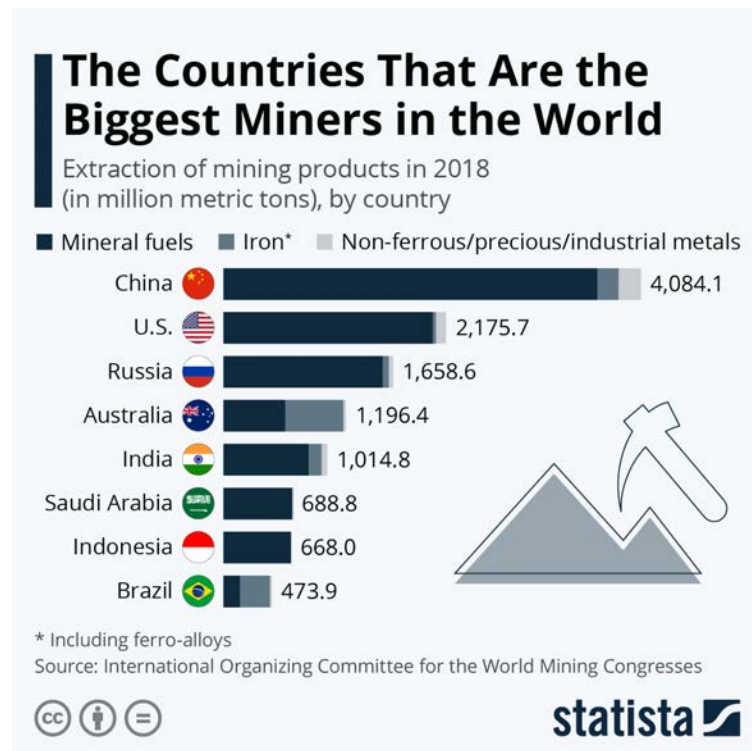

Use the marks shown after each question ([x]) to give you an idea of how much to write for each answer. 1-mark answers do not need any explanation or much detail whereas higher-marked questions require a higher amount of detail.

When asked to **explain**, aim to make a point or suggest an idea and then explain what that means or *why* it is a good point, in detail.

When you have completed the assessment you can use the mark scheme (sent with this paper) to find your KS3 level. Alternatively, you can answer the paper and then either scan or photo the pages and send them to me for marking at humanateestutor@gmail.com.

The deadline for submission of this assessment is **Friday 4th June** and I'll be marking the papers and returning them on the 5th June.

1. A graph showing the largest mining countries, 2018.

(a) Which country mines the most?

..... [1]

(b) How many more metric tons of resources does Russia mine than Australia?

..... [1]

(c) Name **two** countries that mine less than India.

.....
..... [2]

[Total: 4]

2. Draw and label the following elements of a karst cave.

- a) A stalactite.
- b) A stalagmite.
- c) A column.
- d) A cave pearl.
- e) An area of flowstone.

[Total: 5]

3. Son Doong

(a) In which country is Son Doong?

..... [1]

(b) Explain how Song Doong was discovered (twice!).

.....
.....
.....
.....
.....
.....
.....
.....
..... [4]

[Total: 5]

4. 'People should live in caves for a better life.' Do you agree?

Explain your answer. Aim to talk about both positive and negative qualities of living underground. Be sure to come to a definite conclusion one way or the other.
